

Hot water dispenser h110_102

Electric hot water kettle. Capacity: 25 lt. Dimensions: Ø31.8 x H56 cm.

Hot water dispenser, suitable for the preparation of hot drinks such as herbal teas and infusions. It can be used professionally by bar and coffee shop staff or directly by customers if placed on buffets or in self-service breakfast rooms. In fact, thanks to the **drip-proof tap**, the beverage is dispensed in a simple and practical way, plus the **double wall** of the structure ensures excellent protection against burns. The presence of the **adjustable thermostat** also allows the beverage to be kept hot, so that it can always be served at the right temperature.
