

Hotel bathroom soap dispenser 800 ml h957_50

Wall-mounted soap dispenser in polished AISI 304 stainless steel, 800 ml capacity. Dimensions 11x10.5x18 cm. Robust and ideal for high-traffic areas.

The **h957_50** soap dispenser is a professional device designed for hygiene management in prestigious collective settings. Made of **AISI 304 stainless steel** with a thickness of 0.8 mm, it guarantees high corrosion resistance and superior durability compared to standard models. Its **800 ml** capacity makes it an optimal solution for managing intense user flows, reducing the frequency of maintenance interventions for consumable replenishment.

The design with a polished finish integrates perfectly into refined bathroom environments, while the **front window** allows service staff to instantly monitor the content level without the need for opening. The pressure delivery system is calibrated to prevent waste, ensuring a controlled distribution of liquid soap or sanitizing gel.
