

Hotel bathroom soap dispenser h20_228

Push-button soap dispenser in chrome ABS and polycarbonate, 0.3L capacity. Compact and functional design for hotels and accommodation facilities.

The **soap dispenser h20_228** is a wall-mounted device designed to optimize hygiene and the management of consumables in the restrooms of hotels, accommodation facilities, and professional spaces. Thanks to the combination of high-resistance **chrome ABS** and a **transparent polycarbonate** front cover, the dispenser allows for immediate monitoring of the remaining refill, reducing maintenance time for service staff.

The manual push dispensing system is designed to ensure precise dosing, minimizing product waste. Its compact structure makes it ideal for installations in environments with limited space, without sacrificing a modern aesthetic coordinated with professional faucets.
