

## Hotel cereal dispenser 1 x 3.5 lt h1021\_11

Single cereal dispenser in walnut wood and Tritan, 3.5 L. Dimensions: 15 x 17 x H 55.5 cm.

The **3.5-liter cereal dispenser**, code **H1021\_11**, is a compact and high-quality solution designed for **breakfast service in luxury hotels, boutique hotels, and high-end accommodation facilities**. Entirely **Made in Italy**, it represents the perfect combination of **functionality, aesthetics, and material quality**, meeting the needs of an elegant and hygienic professional service.

The structure is made of **solid American walnut wood**, finished with **non-toxic satin acrylic varnish** that protects the wood without altering its natural grain. This finish ensures **resistance to intensive use and long-term durability**, making the dispenser suitable for daily use in the breakfast buffet.

The **3.5-liter container** is made of **food-grade TRITAN**, a BPA-free material, impact-resistant, and suitable for food containing up to 25% alcohol. The **one-piece cone** and the **food-grade rubber fan**, combined with an **ergonomic knob**, allow for **easy, precise, and hygienic portioning**. The dispenser is designed for bowls up to **9 cm in height**, compatible with standard formats used in buffets.

The **metal elements are in satin-finished 18/10 stainless steel**, chosen for their robustness, hygiene, and aesthetic value. Removable components are **dishwasher safe**, while the wooden structure should be treated with a **damp cloth**, avoiding the use of aggressive detergents or immersion in water.

Elevate the breakfast experience in your hotel with a high-class product. Order the **H1021\_11 dispenser** now or request a quote for multiple supplies dedicated to the luxury hotel industry.

- **Dispensing:** precise with ergonomic knob and food-grade fan.
- **Easy:** maintenance with dishwasher-safe components.
- **Safety:** guaranteed with certified food-grade materials.
- **Ideal:** for breakfast buffets in small spaces and luxury contexts.

#### FAQ:

1. **Is the dispenser safe for food use?**

Yes, all materials in contact with food are certified, BPA-free and comply with European regulations.

2. **How much capacity does the container have?**

It has a capacity of 3.5 liters, ideal for cereals, muesli, or dried fruit.

3. **Is it possible to wash the components in the dishwasher?**

Only the removable components can be washed in the dishwasher. The wooden structure must be cleaned by hand with a damp cloth.

4. **What is the maximum height for usable bowls?**

The dispenser supports bowls up to 9 cm in height.

5. **Does the wood require special care?**

Gentle cleaning with a damp cloth and immediate drying is sufficient. Avoid immersion in water or aggressive products.

#### Mini buying guide:

If you manage a **high-end hotel** and want to improve the **buffet breakfast** experience, the H1021\_11 dispenser is the ideal choice.

Designed for contexts where every detail makes a difference, it combines **natural aesthetics and functionality** in a compact and resistant body.

The **food-certified TRITAN** ensures hygiene and safety, while the **solid walnut wood** provides warmth and refinement to the presentation.

Thanks to the **ergonomic knob and the controlled portioning system**, it is perfect for a precise and orderly service.
