

Hotel electronic digital furniture safe h7648

Safe with electromagnetic lock controlled by an electronic device. Customizable master code and emergency key.

The **h7648 hotel furniture safe** is a compact and reliable security solution, designed specifically for the needs of the hospitality sector. Featuring a **solid structure** with a 4 mm door and 2 mm body, it solves the problem of protecting guests' valuables (documents, cash, small electronic devices) inside hotel rooms. The essential design in beige color and the small dimensions allow for discrete integration into wardrobes or shelves, while ensuring high management simplicity for the staff thanks to the **customizable master code** and the passpartout emergency key.
