Hotel furniture safe h7682

Safe with digital electronic combination. Guest code from 3 to 8 digits. Dimensions: H.200 x D.350 x W.430 mm.

The **hotel furniture safe h7682** is an essential and reliable security system, designed for integration into the rooms of hospitality facilities such as Bed & Breakfasts, inns, and hotels. This model addresses the guests' need to safely store their personal items (documents, cash, small electronic devices) through an **electromagnetic lock** controlled by a high-reliability electronic device. Management is made extremely flexible thanks to the **programmable guest code from 3 to 8 digits**, while the hotelier enjoys maximum operational peace of mind thanks to the Master code and the key lock for manual emergency opening. The solid structure, weighing 11 kg and finished in black, ensures a discreet and durable placement in any professional context.
