

## Hotel hair dryer h218\_163

Professional wall-mounted hair dryer 2200W in white and chrome ABS. Equipped with 2 speeds, safety button and 750 mm cable for hotels and resorts.

The **professional hair dryer h218\_163** is a high-performance device designed to elevate the standard of the courtesy service in the **bathrooms of hotels, resorts and high-level accommodation facilities**. Made of **resistant ABS plastic** against thermal shocks and intensive use, it stands out for a refined design that combines the white body with a **chrome ABS diffuser and air intake**. This model solves the problem of slow drying thanks to a maximum power of 2200 W, offering an energetic and adjustable air flow on two speeds. Guest safety is guaranteed by the **pressure activation button**, which ensures immediate shutdown when the handle is released, and by a Class II electrical insulation, ideal for installation in humid environments.

## Technical characteristics

- **Material:** ABS technopolymer with chrome finishes
- **Color:** White with chrome details
- **Installation:** Wall bracket included
- **Power:** Adjustable from 1800 W (min) to 2200 W (max)
- **Voltage:** 220-240 V (50/60 Hz)
- **Safety:** Pressure activation button and ON/OFF switch
- **Adjustments:** 2 air flow speeds
- **Electric cable:** Length 750 mm
- **Electrical insulation:** Class II
- **Protection degree:** IP20
- **Air performance:** Speed 58 Km/h - Flow 1300 l/min
- **Sound level:** 62 dBA
- **Dimensions:** H. 185 x W. 250 x D. 138 mm
- **Weight:** 0.85 Kg
