

Hotel iron h164_63

Dry iron with non-stick stainless steel soleplate. Power: 1500 W. Dimensions: W. 135 x D. 170 x h. 310 mm.

The **hotel iron h164_63_v** is a device with a minimalist and compact design, engineered to offer guests a quick and hassle-free ironing experience. Equipped with **1500 W** power and a **non-stick stainless steel soleplate**, this model ensures optimal glide on different types of fabric. The system is equipped with a **two steam setting** button, which allows the output to be modulated according to the delicacy of the garment. Safety management is entrusted to an intelligent sensor that activates **automatic shut-off** just one minute after the tank is empty, preventing dry overheating. The presence of a 270 ml removable tank and an extra-long 3-meter cable solves common logistical problems related to filling and distance from electrical outlets in hotel rooms.
