

Hotel ironing board h164_53

Professional hotel ironing board with lightweight black steel frame. Adjustable in 7 positions (59-84 cm), breathable mesh top, and non-slip rubber feet.

The **hotel ironing board** is a technical solution designed to combine practicality and maximum space optimization in hospitality facilities. Featuring a **lightweight frame with black powder-coated legs**, this board offers superior wear resistance and a modern design that discreetly integrates into any room. The **mesh top**, combined with a high-quality foam padding, ensures perfect steam breathability, allowing guests to achieve professional ironing results quickly.

Versatility is guaranteed by the **7-position adjustment** system, which allows the height to be set between 590 and 840 mm for tailored ergonomic comfort. Thanks to the **quick-release mechanism**, opening and closing are smooth and immediate. Once folded, the board takes up minimal space (only 70 mm deep), making it ideal for storage in wardrobes or narrow niches. Stability is ensured by **multi-surface rubber feet**, specifically designed not to scratch delicate floors such as parquet or marble.

Technical specifications

- **Frame material:** Lightweight steel with black powder coating
- **Top type:** Mesh structure for steam permeability
- **Padding:** Padded top with foam material and protective cover
- **Height adjustment:** 7 variable positions (from 590 mm to 840 mm)
