

## Hotel kettle 0.8 It h43856

Professional ultra-compact 0.8-liter electric kettle for hotels and B&B. Made of black ABS with stainless steel base, 1000W power and anti-overheating safety system. Dimensions: 110 x 138 x 210 mm.

The **black ABS electric kettle** is the ideal space-saving solution to complete the courtesy set in hotel rooms, Bed & Breakfasts and holiday homes. Thanks to its essential and modern design, it integrates perfectly into minimalist furnishing contexts, offering guests the possibility to prepare tea and herbal teas in total autonomy and safety.

The structure combines the practicality of heat-resistant ABS with a **stainless steel internal base**, guaranteeing hygiene and durability. The system is **cordless**: the kettle lifts freely from the power base for easy pouring without the hindrance of the cable. For the maximum protection of the facility, the handle integrates a **safety switch** that prevents accidental overheating, cutting off the power when boiling point is reached or in case of lack of water.

## Technical features
