

## Hotel room courtesy tray h164\_89

Exclusive professional courtesy tray in high-quality black PU leather with PVC structure. Moisture resistant, equipped with scratch-resistant feet and ideal for kettle sets or room service.

The **professional courtesy tray in PU leather** is a refined furnishing accessory, designed to elevate the aesthetic standard of hotel rooms and luxury resorts. Made with a high-quality synthetic leather (PU) covering on a **PVC load-bearing structure**, this tray combines the visual softness of leather with superior technical resistance. The black finish with tone-on-tone stitching offers a sophisticated look that perfectly suits the most demanding hospitality contexts.

Unlike standard products, this model is specifically designed to **withstand humid environments**, making it ideal not only for hot drink service but also for setting up courtesy sets in areas subject to condensation. The base is equipped with **scratch-resistant rubber feet** that guarantee impeccable stability and protect delicate furniture surfaces (wood, marble or glass) from marks and wear. With a weight of 2 kg, the tray conveys a sense of solidity and value to the touch, improving the guest's perceived experience.
