

## Hotel room furnishing waste bin 11 lt h957\_14

Hotel room waste bin 11 lt with black decorative finishes. Dimensions: Ø 21.5 x h 32 cm. Elegant and robust sage green finish. The **h957\_14 hotel room furnishing waste bin** is designed to combine elegance and functionality in professional environments such as hotels, B&B and offices. Thanks to its **sage green finish with black decorative details**, this waste bin adds a touch of style to your spaces, integrating harmoniously into both modern and classic furnishings.

Made of high-quality **cold-rolled white sheet metal** (DC01, EN10130 standard), it is a robust and lightweight product, with a net weight of only 1.1 kg. Its **11-liter capacity** makes it ideal for managing daily waste in hotel rooms or small to medium-sized indoor spaces.

The **fireproof polyester resin electrostatic coating**, with a uniform thickness of 60 microns and polymerization at 200°C, guarantees exceptional resistance to scratches, bumps and abrasions. Furthermore, the fire classification **A2-s1, d0 (UNE EN 13501 standard)** and **M1 (UNE 23727 standard)** makes this waste bin safe and compliant with the highest safety standards, making it ideal for accommodation facilities that require fire certifications.

The **decorative polyethylene finishes** not only improve the aesthetic appearance, but also protect the waste bin, increasing its durability over time. Thanks to rigorous quality tests, the product guarantees stability, safety and resistance, representing a reliable and durable accessory for any indoor space.

Renew your spaces with the **h957\_14 hotel room furnishing waste bin** in elegant sage green. Ideal for hotels, offices and professional environments, this waste bin combines sophisticated design, resistance and safety. Don't miss the opportunity to add a practical and refined element to your environments. Order today or request a quote for larger quantities!
