## Hotel room ironing board h164\_72

Professional ironing station for hotels with 2000W steam iron and wardrobe hook. Black frame, 7 heights, 3-way shut-off and anti-theft system.

The **hotel ironing board** is a high-end complete solution, designed to offer guests a professional and safe ironing service directly in their room. Characterized by an **elegant and functional design**, the station combines a black steel frame with a light grey cover, integrating harmoniously into the interiors of the most modern accommodation facilities. The structure features a **mesh panel** that optimizes steam flow and a fire-resistant aluminum cover with felt backing, ensuring impeccable results and maximum thermal protection.

The system includes a powerful **2000W steam iron** with a 330 ml tank, capable of operating both horizontally and vertically. To ensure maximum management security, the iron integrates a motion-sensitive **3-way automatic shut-off system**, while the **anti-theft safety box** protects the facility's investment. Thanks to the integrated hook and 180° rotating iron rest, the entire station can be stored in a wardrobe with minimal space, facilitated by a quick-opening mechanism adjustable to **7 different heights**.
