

## Hotel room ironing board h164\_83

Compact hotel ironing board with 1200W dry iron and wardrobe hook. Steel mesh structure, aluminized cover, rotating support, and Auto-Off safety.

The **compact hotel ironing board** has been specifically designed to meet the needs of efficiency and space optimization in the hospitality sector. Thanks to the **heat-resistant aluminum cover**, the system thermally reflects the plate, facilitating quick and safe ironing, while also preserving the most delicate fabrics. The structure is extremely lightweight (only 3.4 kg) and equipped with an **integrated hook**, which allows the kit to be stored neatly even inside small wardrobes.

The station is equipped with **fixed ABS legs** with quick opening to guarantee immediate stability, while the steel mesh frame with black powder coating ensures long-lasting protection against corrosion. The **included 1200W dry iron** features a non-stick base and a 2.5-meter long cable for maximum practicality. Safety is guaranteed by a **3-way automatic shut-off system** (which triggers after 30 seconds horizontally and 8 minutes vertically) and an integrated anti-theft system, making this product an eco-friendly and reliable choice for modern accommodation facilities.

## Technical characteristics

- **Board material:** Heat-resistant steel mesh with anti-corrosion coating
- **Cover:** Heat-reflecting aluminum with felt backing (replaceable)
- **Iron:** Dry model included with non-stick base
- **Iron power:** 1200 W
- **Electrical safety:** 3-way automatic shut-off (30 sec. horizontal / 8 min. vertical)
- **Anti-theft system:** Integrated into the station
- **Ergonomics:** 180° rotating iron support (for right and left-handed users)
- **Cable length:** 2.5 meters
- **Closed dimensions:** W 345 x D 250 x H 910 mm
- **Total weight:** 3.4 kg
- **Electrical parts warranty:** 3 years
- **Color:** Light Grey / Black
