

Hotel room kettle h220_328

Professional "Space-Saving" hotel courtesy set in **matte black** finish. Includes organizer tray with compartments and a 0.6-liter **double-wall** cordless kettle. 0.8 kW power for maximum energy saving. Dimensions: 46.5 x 22.5 cm.

The **tray set with hotel room kettle** is the ideal solution for accommodation facilities wishing to offer a refined and discreet welcome service. Featuring a modern **matte black** finish, this kit is perfect for placement in hotel rooms, waiting rooms, or meeting rooms, allowing guests to enjoy a restorative break with tea, herbal teas, or instant coffee in total autonomy.

The tray is designed for maximum practicality: it features **three organizer compartments** for disposable sachets and spoons, keeping the courtesy corner always impeccable. The 0.6-liter kettle stands out for its **double-wall** technology, which keeps water hot for longer while improving thermal efficiency. Safety is guaranteed by the covered heating element, automatic shut-off, and boil-dry protection. Thanks to the wireless base with a 360° connection, the kettle is extremely easy to handle for every guest.
