

## Hotel room kettle h76\_97

Professional 1.2 L stainless steel kettle, 1350 W power. Compact design with automatic shut-off, anti-limescale filter and safety lid.

The **professional 1.2-liter stainless steel kettle** is the ideal technical solution to complete the courtesy set of hotels, resorts, and bed & breakfasts. Thanks to its sober design and compact structure, it fits perfectly into any type of furniture, solving the problem of space management on shelves and offering guests the possibility to prepare hot drinks in total autonomy. The choice of **stainless steel** not only gives the product a modern aesthetic but also guarantees superior resistance to wear and the frequent cleaning cycles required in high-turnover accommodation facilities.

Operational safety is at the heart of the design: the device is equipped with a **hinged lid with a safety lock** and an automatic shut-off system that prevents overheating. The ergonomic handle is made of heat-resistant material to avoid the risk of burns, while the **pouring spout with integrated filter** ensures the delivery of clear water by trapping any impurities. With a power of 1350 W, the kettle perfectly balances execution speed and the sustainability of the facility's electricity consumption.

## Technical features

- **Capacity:** 1.2 liters
- **Body material:** High-resistance stainless steel
- **Power:** 1350 W
- **Dimensions:** W. 20 x D. 20 x H. 13.5 cm
- **Safety system:** Automatic shut-off and boil-dry protection
- **Lid:** Hinged with safety lock
- **Handle:** Heat-resistant and non-slip
- **Filtration:** Spout with integrated particulate filter
- **Interface:** ON/OFF switch with operation indicator light
- **Supply voltage:** 220 V - 240 V
- **Frequency:** 50 - 60 Hz
- **Protection degree:** Class I
- **Certifications:** CE and RoHS2
