

Hotel room minibar 30 liters h438_265

30-liter thermoelectric minibar with glass door, LED lighting, and absolute silence (0 dB).

The **30-liter h438_265 minibar** is the solution dedicated to the hospitality sector that combines aesthetics and silent functionality. Specifically designed for **hotels, boutique hotels, and bed & breakfasts**, this minibar resolves the issue of noise disturbance during nighttime hours thanks to thermoelectric technology. The **glass door** not only enhances the room's design, but also allows guests to view the contents without opening the compartment, optimizing consumption management and improving the user experience. The internal structure, organized with two ABS trays, ensures the orderly management of drinks and snacks in a compact space.
