

## Hotel room minibar h34\_83

40 lt high-efficiency (Class D) h3483 minibar with silent compressor technology. Record consumption of 0.151 kW/24h, reversible black door and compact design W39xD48.5xH54 cm.

The **Hotel room minibar h3483** 40-liter model is the perfect synthesis of energy efficiency and professional performance. Designed to provide a practical and modern solution, this model solves the problem of high operating costs by achieving **Energy Class D**, with an extremely low consumption of only **0.151 kW/24h**. The **compressor refrigeration system with internal motor unit** ensures rapid and constant cooling, keeping drinks and snacks at the ideal temperature in total discretion. The elegant design, featuring a **reversible black laminate** door, allows for unparalleled installation flexibility, adapting even to the smallest spaces thanks to its lightweight design of only 18 kg. It is the indispensable technical furnishing accessory to enhance your guests' stay with style and functionality.
