

Hotel room minibar h438_229

40-litre white thermoelectric minibar with ultra-quiet Peltier system (0 dB). Dimensions W.42xD.40xH.57 cm.

The **40-litre thermoelectric minibar** is designed to meet the needs of accommodation facilities wishing to offer an impeccable courtesy service. Thanks to **Peltier cell technology**, this guest room refrigerator ensures efficient cooling with low and eco-sustainable energy consumption. The **solid door** structure and white finish integrate discreetly into various furnishing styles, solving the problem of nocturnal noise for guests thanks to its total absence of sound emissions. The target audience includes hotels, B&Bs, and healthcare facilities that require a reliable solution for the storage of beverages and snacks at a controlled temperature.
