

Hotel room minibar h76_101

31-liter red retro minibar for hotels. Silent, class E, with electronic thermostat and reversible door. Dimensions: W.40.2xD.43.5xh.54 cm.

The **h76_101 hotel room minibar** combines a refined **retro design** with the most modern refrigeration needs for the hospitality sector. Specifically designed for hotels and B&B structures that wish to stand out, this minibar solves the problem of acoustic impact in sleeping areas thanks to a **totally silent** operating system, guaranteeing maximum comfort for guests during their rest.

The compact structure and **reversible door with integrated handle** allow for flexible installation in different furnishing configurations, both as a free-standing unit or inserted into specific compartments. The internal management of spaces is optimized by two adjustable shelves and **low-consumption LED** lighting, facilitating the use of the minibar service by the target customer in high-profile hospitality contexts.
