

## Hotel room minibar h76\_89

23L black hotel minibar, dimensions 39x42.5x51.2 cm. Silent technology with electronic thermostat and cyclic defrost.

The **H76\_89 hotel room minibar** is a compact **23-liter** solution designed to ensure guests a comfortable stay, allowing for the storage of drinks and snacks at an optimal temperature. Thanks to the **cyclic defrost** system and the electronic thermostat, the device prevents the formation of ice and water residues, operating with a **noise emission class A** so as not to disturb night rest. The versatile structure allows for both **freestanding** and **built-in** installation, adapting to various types of contract and professional furniture.
