

## Hotel room minibar with two shelves h7678

27-liter black minibar with smoked glass door and zero-decibel technology. Dimensions H540xD390xW384 mm.

The **hotel room minibar** model h7678 is a compact and refined solution designed to meet food & beverage storage needs in the hospitality sector. Thanks to its **27-liter capacity** and black PVC structure with a **smoked glass door**, it integrates elegantly into hotel rooms, Bed & Breakfasts, and relays focusing on a modern and functional aesthetic. The device solves the critical issue of night-time disturbance: the internal technology ensures a **noise level of 0 dB(A)**, making it totally silent and perfect for placement next to the bed. Internal space management is optimized by **two adjustable shelves** and LED lighting that facilitates access to products even in low ambient light conditions.

## Technical features
