

## Hotel room safe h31\_300

Hotel room safe with drawer opening. Dimensions: W 38 x D 38.5 x H 17.5 cm.

The **hotel room safe h31\_300** is the ideal solution for equipping hotel rooms, relais, and B&Bs with a product featuring a simple and functional design. This model stands out for its **drawer opening**, which allows immediate and practical access to the contents, making it perfect for integration into desks or wardrobes. Security is guaranteed by an advanced electronic system with a numerical keypad and **6 different hierarchical master codes**. Thanks to the **blue backlit display**, use is intuitive even in low-light conditions, also allowing quick consultation of the history of the operations performed.
