

Hotel room safe h718_48

Professional armored safe with high thickness (10 mm door, 6 mm structure) with key lock. Maximum passive security (28 kg) in an elegant white finish. Dimensions: 35 x 25 x H 25 cm.

The **armored furniture safe with key lock** represents the highest standard of mechanical security for hotels, boutique B&Bs, and private residences. Unlike common electronic room safes, this model solves the problem of electronic vulnerability and battery maintenance, focusing entirely on **extreme physical resistance**. The structure is made of high-thickness steel: a full **10 mm for the door** and 6 mm for the body, guaranteeing real protection against forced entry attempts.

The clean design in **white color** allows for discreet and modern integration within contemporary furnishings. The security key lock offers timeless reliability, ideal for managements that prefer to avoid digital codes and motorized systems. With a structural weight of 28 kg in just 35 cm of width, the unit offers exceptional stability and is designed for **permanent anchoring** both to the wall and inside reinforced furniture, ensuring maximum peace of mind for the storage of documents, money, and valuables.
