

Hotel room waste bin 18 L h957_13

18 L metal bin with removable top rim for securing bags. Dimensions: 22 Ø x h 38 cm. Color: RAL 9006 and black decorative base.

The **hotel room waste bin h957_13** is a functional and elegant product, ideal for hotels, B&Bs, offices, and professional spaces. Thanks to its compact design and **RAL 9006** color, this bin fits perfectly into various environments, combining aesthetics and practicality.

Made of **cold-rolled white sheet metal** (DC01 quality, EN10130 standard), it guarantees a robust and resistant structure. The **removable ABS** top rim is designed to facilitate the fixing and removal of bags, improving waste management and simplifying cleaning operations. The decorative **PVC base with metal insert** not only adds a touch of style but also protects surfaces from scratches and marks, making the bin suitable even for delicate floors.

The bin is coated with an **electrostatic fire-retardant polyester resin paint**, complying with European regulations. This treatment provides a fire rating of **A2-s1, d0 (UNE EN 13501 standard)** and **M1 (UNE 23727 standard)**, ensuring maximum safety for professional environments. The paint, applied with a uniform thickness of 60 microns and cured at 200°C, ensures high resistance against impacts, abrasions, and daily wear.

Thanks to quality tests, the bin complies with current standards in terms of stability, resistance, and safety, offering a durable and reliable product. Its modern design and advanced features make it an ideal choice for those seeking a practical and refined addition to their spaces.

Choose the **hotel room waste bin h957_13** to combine style and functionality in your spaces. With its removable top rim, it is the ideal solution for practical waste management. Order now to make your environments more elegant and organized or request a quote for large quantities!
