

Hotel safe with eco-leather covered door h7680

Hotel safe with electronic combination and backlit keyboard. Top opening. Dimensions: W 40 x D 35 x H 12.5 cm.

The **hotel safe h7680** is an innovative security and design solution, designed to integrate with elegance into the furnishings of the most demanding hospitality facilities. This model stands out for its particular **top opening** and for the **eco-leather covered door**, features that facilitate access and visibility of the content, solving the problem of space in drawers or low compartments. Designed to hold **notebooks up to 15 inches**, the safe uses advanced technology with a motorized lock and a white LED keyboard that activates when keys are pressed. Management is simplified by the 6-position red LED display, which clearly signals every operation to the guest and authorized staff.
