

Hotel soap dispenser h20_229

Pressure-operated soap dispenser in ABS and polycarbonate, 0.3L. Compact design 8x5.5x16 cm with transparent cover for quick level monitoring.

The **soap dispenser h20_229** is a technical and functional solution designed to optimize hygiene in the bathrooms of **accommodation facilities, hotels and bed & breakfasts**. Thanks to its **white ABS** structure with a transparent front cover, this accessory allows for efficient refill management, while ensuring a tidy and professional appearance of the surfaces.

The "push" type pressure delivery system is calibrated to offer precise dosing, drastically reducing product waste. The integrated **safety lock** protects the contents from tampering, making it suitable even for high-frequency public bathrooms.
