

Hotel waste bin with two handles h957_11

18-litre metal waste bin with two handles and black decorative base. Dimensions: Ø 25 x H 37 cm.

The **18-litre metal waste bin with decorative base h957_11** is an elegant and functional product, ideal for indoor contexts such as offices, hotels, B&Bs and hospitality facilities. Its compact and refined design, enriched by the **black polyethylene decorative base**, makes it perfect for integrating into various environments, combining style and practicality.

Made of **cold-rolled white sheet metal** of DC01 quality (EN10130 standard), it guarantees a light but robust structure, with a net weight of only **1.7 kg**. The electrostatic painting with **fire-retardant polyester resin**, applied with a thickness of 60 micrometres and polymerised at 200°C, offers optimal resistance against abrasion, impact and atmospheric agents. This treatment guarantees a fire classification of **A2-s1, d0** (UNE EN 13501 standard) and **M1** (UNE 23727 standard), making it compliant with the highest safety standards.

The **two integrated handles** allow for **excellent handling**, facilitating the moving and emptying of the bin. Available in **various colours**, it is possible to adapt it to any chromatic context or aesthetic need. The polyethylene base not only adds a decorative touch but also protects the supporting surfaces.

Thanks to rigorous **quality tests**, the bin complies with current regulations in terms of stability, impact resistance and safety, guaranteeing durability and reliability over time.

Choose the **18-litre metal waste bin h957_11** with decorative base to add a touch of style and functionality to your spaces! Request a quote for customisations or large quantities.

FAQ:

1. **What are the dimensions of the bin?**
The dimensions of the bin are Ø 25 cm x h 37 cm.
2. **What is the capacity of the bin?**
The capacity of the waste bin is 18 litres.
3. **Is the product resistant to impacts and abrasions?**
Yes, thanks to the cold-rolled sheet metal and the electrostatic fire-retardant polyester resin painting.
4. **Is the bin suitable for outdoor use?**
It is ideal for indoors. The decorative base protects surfaces from scratches or humidity.
5. **How is the bin emptied?**
The two integrated handles facilitate the emptying and moving of the bin.
6. **In what colours is it available?**
The bin is available in a wide range of colours.
7. **Does the product comply with safety regulations?**
Yes, it complies with regulations on fire stability and impact resistance.

Short buying guide:

When choosing a bin for your spaces, consider the use and design that best suit your needs. This **18-litre metal waste bin h957_11**, with its elegant design and black decorative base, is ideal for indoor environments and public spaces. Its **compact capacity** makes it perfect for medium-traffic areas, such as offices, lobbies, or refreshment areas.

Thanks to the **fire-retardant electrostatic painting**, the bin is resistant to impact, abrasion, and corrosion, guaranteeing a long-lasting product. The **integrated handles** offer practical and easy management, while the **colour customisation** allows you to choose the most suitable colour for the environment where it will be placed.

The **black polyethylene base** not only adds a touch of style but also protects surfaces from scratches and humidity, making it ideal for any type of flooring. With this bin, you can combine aesthetics, practicality, and resistance in a single product, improving the organisation and cleanliness of your spaces.
