FAQ:

1. What are the dimensions of the loading surface?

The loading surface measures 60 x 150 cm, ideal for displaying fruit, vegetables and flowers in an organized and visible way.

2. **Is it suitable for outdoor displays?**

Yes, it can be used in covered outdoor environments thanks to its resistant metal structure.

3. **How does it guarantee stability during use?**

Stability is ensured by the independent front legs and the inclined structure with 98° leg opening.

4. **Is the stand easy to clean?**

Yes, the surface of the top and the edge with special profile are easy to clean with a damp cloth and non-abrasive detergents.

5. **How much weight can it support?**

The maximum capacity of the stand is 55 kg/m², making it suitable for displaying fresh products without risks of sagging.

Mini buying guide:

Choosing the **inclined vegetable display stand h757_13** means investing in a practical, stable and durable solution for the display of fruit, vegetable and floral products. Thanks to its structure made of **30x18 mm steel profiles**, this stand guarantees resistance and reliability even during frequent use in markets, fairs and fruit and vegetable shops. The **98° angle opening** and the **independent front feet** provide optimal stability, essential to avoid tipping over during product display.

The design with **rounded safety corners** and the edge with special profile offer greater safety for both operators and customers. The compact dimensions of the **60 x 150 cm** top are ideal for making the most of the available space and ensuring an organized and well-visible display of products.

The structure is easy to keep clean and hygienic, thanks to the metal finish, and is completely **recyclable**, making it an ecological and sustainable choice. Before purchasing, make sure to consider the maximum load of **55 kg/m²**, perfect for fruit, vegetables and other fresh products.

Opting for the **h757_13** inclined stand allows you to improve the efficiency and aesthetics of your display space, ensuring an excellent presentation of products and facilitating daily operations.
