

## Inclusive bench for urban furniture h140\_373

Inclusive bench for public spaces in galvanized steel. Dimensions: L.210 x D.72 x H.85 cm. Number of seats: 3.

**The inclusive park bench** is an innovative product designed to allow people with disabilities to also benefit from public seating. The bench features a structure composed of two stylized supports in **galvanized steel sheet** equipped with base plates in galvanized sheet metal. The seat and backrest shell is made **of round galvanized steel tube with an oval section**. The central part of the seat is designed for **use by disabled persons** with only a backrest, and two side parts equipped with seat and backrest. The finishes applied to the bench are **“gunmetal”** for the structure and **“rust”** for the shell.

### Technical characteristics:
