

Inclusive bench for urban furniture in galvanized steel h140_404

3-seater bench for urban furniture suitable for people with disabilities, Dimensions: W. 210 x D. 60 x H. 80 cm.

The **inclusive bench** is designed to guarantee comfort and accessibility, ideal for public parks, shopping centers, and squares. Its structure is made with **four stylized supports in 60/10 thick galvanized steel sheet**, featuring an elegant **decorative carving** on the **inner profile**. Each support is equipped with **galvanized steel base plates** for **optimal stability**. The **seat shell** consists of **eleven profiles in round galvanized steel tube** and one thicker profile. The **backrest**, instead, is composed of **fourteen profiles in round galvanized steel tube**. The seat is designed for **the inclusion of people with disabilities**, with a **central part** equipped only with a **backrest**, flanked by **two side sections complete with seat and backrest**. The profiles are **welded onto galvanized steel templates** that provide an anatomical and comfortable shape. The bench is equipped with an **"Inclusion" plaque** positioned at the center of the backrest.
