

## Inclusive picnic table and bench h763\_70

Inclusive picnic table and bench h763\_70 in technological wood. Wheelchair-accessible model, maintenance-free. Dimensions 1.8x1.4x0.79 m.

The **inclusive picnic table and bench h763\_70** is a stationary outdoor furniture system developed for the enhancement and inclusive use of collective areas. Designed specifically for **public administrations, municipal technical offices, recreational area managers, companies, and landscape designers**, this module transforms any outdoor space into a natural meeting point. The equipment responds to the need to install urban tables designed for sharing, relaxation, and the enjoyment of public spaces, reinforcing the idea of a city lived in the sign of proximity and community. The system solves the operational problem of **architectural barriers and the rapid degradation of outdoor materials, offering a model adapted for wheelchairs that eliminates maintenance costs associated with traditional wood**. The structure is entirely made of engineered wood (technological wood), composed of an internal blend of wood dust and advanced recycled polymers, joined in a matrix with stabilizing and sealing agents that guarantees a natural appearance and permanent durability.

## Technical features

- **Product type:** picnic table and bench for urban furniture
- **Main inclusive feature:** model adapted for wheelchairs
- **Construction material:** engineered wood / technological wood (mixture of wood dust and advanced recycled polymers)
- **Matrix composition:** wood dust, recycled polymers, stabilizing agents, and sealing agents
- **Material surface properties:** natural appearance, does not require paints, coatings, sealants, or oils
- **Structural mass (Total weight):** 150 kg
- **Slat thickness:** 3.5 cm
- **Geometric overall dimensions (W x D x H):** 1.8 x 1.4 x 0.79 m
- **Logistical supply status:** delivered unassembled
- **Available color variants:** gray or brown color
