

Inclusive picnic table h287_370

Inclusive picnic table in powder-coated galvanized steel. Seat height: 45 cm. Dimensions: L 150 x D 180 x H 77 cm.

The **inclusive picnic table H287_370** is a solid, resistant, and accessible solution, designed for integration into **urban furniture** contexts, such as **public parks, equipped green areas, schools, campsites, playgrounds, and recreational zones**. It stands out for its **inclusive version**, with the **tabletop extended by 50 cm on one side**, which allows easy access for people with mobility disabilities or in wheelchairs.

The **structure** is made of Ø 50 mm **round galvanized steel tubular**, while **seats, backrests, and tabletop** are constructed with 40x20 mm **oval steel tubular slats**, closed with finned end caps in **black polyethylene**. The frame and metal surfaces undergo a complete **epoxy powder coating** process, which includes: steam degreasing, drying, electrostatic powder application, and **oven polymerization at 180-200°C**, to ensure a **resistant, homogeneous, and long-lasting finish**.

All metal parts are made with **non-toxic paints compliant with current regulations**, and the galvanized hardware meets the **UNI 3740** standard, ensuring resistance to corrosion and atmospheric agents. The product is supplied with an **assembly kit**, and the **ground anchoring** guarantees stability and safety even in highly frequented environments.

The benches are designed and built in compliance with the **UNI 11306:2020** standard, which regulates safety requirements and test methods for urban furniture.

Choose urban furniture that is resistant, safe, and truly accessible to everyone like the **inclusive picnic table H287_370**. Contact us for a custom quote or large quantity supplies!

Technical features:

- **Type:** Inclusive picnic table
- **Structure:** Ø 50 mm galvanized steel frame
- **Seat and top:** 40 x 20 mm oval steel slats with black PE end caps
- **Finish:** Epoxy powder coating, oven polymerized
- **Painting:** Non-toxic, resistant to weathering and UV rays
- **Color:** Available in various colors
- **Hardware:** Galvanized UNI 3740
- **Reference standards:** UNI 11306:2020
- **Total dimensions:** L 150 x D 180 x H 77 cm
- **Seat height:** 45 cm
- **Assembly:** Supplied with assembly kit
- **Anchoring:** To the ground, with permanent fixing

User benefits:

- **Designed:** for inclusion and accessibility for people with disabilities.
- **Resistant:** safe, ideal for highly frequented public areas.
- **Finish:** anti-corrosion and UV-resistant for long outdoor life.
- **Ease:** of maintenance thanks to treated materials and non-toxic paints.
- **Compliant:** with technical safety standards and certified quality.

FAQ:

1. **What does “inclusive version” mean?**
The table is equipped with an extension on one side, to allow comfortable access for people in wheelchairs.
2. **Is it suitable for installation in public parks?**
Yes, it is specifically designed for urban furniture and resistant to intensive use and external climatic conditions.
3. **How is the installation carried out?**
Ground anchoring is provided via ground-level fixing. The assembly kit is included in the package.

4. Is the painting resistant?

Yes, the metal parts are treated with oven-polymerized epoxy powder coating, guaranteeing durability, aesthetics, and resistance to atmospheric agents.

5. Does the product comply with specific regulations?

Yes, the benches are built according to the safety requirements and test methods of the UNI 11306:2020 standard.

Mini buying guide:

When choosing a picnic table for urban furniture, it is important to consider the **robustness of the structure**, especially in high-traffic environments.

This model, thanks to its **painted galvanized steel** construction, guarantees resistance to rust, impacts, and degradation from sun exposure.

For public areas, it is also essential to evaluate the **inclusivity of the design**: the lateral extension makes the product accessible also to users with disabilities. Furthermore, compliance with technical regulations such as UNI 11306:2020 is synonymous with safety for all users. Finally, choose models with **ground fixing** to prevent vandalism and ensure stability.

Inclusive urban furniture picnic table, disabled accessible table for parks, galvanized steel urban furniture, picnic table with integrated seating, inclusive furniture for public areas, resistant outdoor steel table.
