

Inclusive urban street furniture bench h140_405

Inclusive 3-seater street furniture bench in galvanized steel. Dimensions: L.200xD.70xH.76cm

Elegant inclusive bench for public spaces with modern asymmetrical shapes that are comfortable and above all **welcoming for people with disabilities**. Made of **painted galvanized steel** with galvanized flat iron supports forming two arches connected by a lower arch and supports equipped at the base with holes for ground anchoring. The street furniture bench is 3-seater with side seats equipped with backrest and seat and an inclusive central part with only a backrest designed to accommodate people with disabilities and in particular those in wheelchairs. The seat and backrest shell is made of oval-section galvanized steel tube profiles and profiles welded onto galvanized steel templates that give the model an **anatomical shape**. The bench features a structure in **iron grey finish colors and a wine red seat** that make it attractive for parks and public gardens, an essential furnishing accessory for a comfortable outdoor break.
