FAQ :

- 1. Is this bench suitable for use in public spaces?**
Yes, it is designed for parks, schools and public play areas, complying with EN 1176 safety standards.
- 2. Does the wood require maintenance?**
Class IV pressure-treated laminated wood is highly resistant to atmospheric agents, minimizing maintenance.
- 3. Is it safe for children with motor disabilities?**
Yes, the design of the bench supports access and use by children with specific needs, promoting participation in play.
- 4. What materials guarantee product durability?**
The treated laminated wood seat and polyethylene side panels ensure resistance to atmospheric agents and wear over time.

5. What are the ideal contexts for installing this bench?

The bench is perfect for public parks, schools, green areas and recreational spaces, offering a safe and inclusive option for children.

Mini buying guide:

To buy an inclusive bench like the **H763_16**, it is essential to consider some key aspects to make the best choice. First of all, check that the product complies with the **EN 1176 standard**, a guarantee of safety for equipment intended for public play areas. This certificate is essential to ensure safe use by children.

Pay attention to the materials: a **seat in pressure-treated laminated wood** offers excellent resistance to atmospheric agents and wear, while the **colored polyethylene side panels** guarantee robustness and a lively appearance. Choosing quality materials means investing in a product that requires little maintenance but lasts long.

Another important aspect is **accessibility**: inclusive benches must be designed to allow all children, even those with specific needs, to use them comfortably. The **H763_16** bench promotes barrier-free play, contributing to creating an inclusive and welcoming environment.

Buying this bench means equipping your space with an element that combines safety, design and inclusivity.

The **H763_16 bench** is the ideal solution for creating **inclusive and welcoming spaces** in playgrounds, offering **safety, resistance and comfort**.

Inclusive bench for playgrounds, bench for disabled children, accessible urban furniture, EN 1176 certified bench, wooden seat for public play areas, treated wooden bench for outdoor, inclusive games for children, bench for schools and parks, playground furniture, games for children with disabilities.
