

Indoor recycling bin 100 lt h953_05

100 lt recycling bin with sloped flip-top lid, bag holder ring and base with scratch-resistant rubber feet. Dimensions: 35 x 35 x h 100 cm.

The **h953_05 indoor recycling bin** is the ideal solution for **indoor environments** such as offices, schools, hospitals and public

spaces thanks to its robust and functional structure. Made of **1.5 mm iron sheet**, it ensures long life and resistance to daily wear. The **sloped flip-top lid** prevents waste from accumulating and reduces the escape of unpleasant odors, ensuring a clean and tidy environment.

The lid is **hinged to the body of the bin** with two invisible screws, offering a clean and elegant design. Inside, a **butterfly bag holder ring** is included, which facilitates the insertion and fixing of the bag (not included in the delivery), keeping it firmly and hidden from view. The base is equipped with **scratch-resistant rubber feet**, which protect the surface on which the bin is placed.

The materials are designed to be easily **separable for recycling** at the end of life. This bin complies with the fire resistance regulation **UNE-EN 13501-1**, offering an additional level of safety for public and professional environments. It is available in **various colors** (see color chart) and is supplied with a **pictogram**; the type of pictogram desired must be specified during the ordering phase (see attached image). The pictogram consists exclusively of the waste icon, without text.

Optimize waste management in your indoor environments with the **h953_05 recycling bin**. Choose a practical, safe and customizable product. **Order now!**

Technical features:

- **Dimensions:** 35 x 35 x h 100 cm
- **Capacity:** 100 lt
- **Weight:** 18.7 kg
- **Material:** 1.5 mm iron sheet
- **Lid:** hinged, sloped flip-top with invisible screw fixing
- **Bag fixing system:** butterfly ring
- **Bags not included in the supply**

FAQ:

1. **What are the dimensions of the bin?**
The bin has dimensions of 35 x 35 x h 100 cm and a capacity of 100 liters.
2. **Is the lid removable?**
No, the lid is hinged to the body with invisible screws, but it is easily tiltable for convenient use.
3. **What advantages does the bag holder ring offer?**
The butterfly bag holder ring facilitates bag insertion and keeps it firmly fixed during use.
4. **How is the floor protected from scratches?**
The base is equipped with scratch-resistant rubber feet that protect the surface on which the bin is placed.
5. **Is the bin fire-resistant?**
Yes, it complies with the fire resistance regulation **UNE-EN 13501-1**, ensuring safe use in public environments.

Short buying guide:

Investing in the **h953_05 recycling bin** means choosing a quality, robust product suitable for intensive use in indoor environments. The **1.5 mm iron sheet** structure offers strength and durability, while the **sloped flip-top lid** helps contain odors and maintain hygiene.

The functional design, with **butterfly bag holder ring** and **scratch-resistant rubber feet**, makes this bin perfect for offices, schools, hospitals and public spaces. Furthermore, compliance with the **UNE-EN 13501-1** regulation ensures an additional level of fire safety. Customize your bin by choosing from the **available colors** and adding a **pictogram** for efficient waste management.

Choose the **h953_05 model** for a practical, safe and minimalist design solution!
