

Indoor recycling bin 60 lt h953_09

60 lt recycling bin with pedal operation, in 1.5 mm iron sheet. Dimensions: 32.3 x 32.15 x h 60 cm. Equipped with bag-holder ring.

The **h953_09 recycling bin** from **60 liters** is a practical and hygienic solution for offices, public environments and indoor spaces. Thanks to the **pedal operation**, it allows you to dispose of waste without needing to touch it with your hands, ensuring maximum hygiene and convenience. The **integrated lid** keeps waste hidden and prevents the escape of odors, making it ideal for contexts where cleanliness is essential.

Made of **1.5 mm iron sheet**, this bin is **robust and durable**. The internal **bag-holder ring** keeps the bag (not included in the supply) firmly in place, avoiding it from slipping or moving. The **base with rubber feet** protects surfaces from scratches and ensures stability during use. The union between base and body occurs via welding, ensuring a **solid and reliable structure**.

The **easily separable materials** make this bin a sustainable and recyclable choice. It is **available in different colors** to integrate perfectly into any environment. Furthermore, it is supplied with **1 pictogram** to be specified during the ordering phase by choosing from those available in the attached image. The pictogram consists exclusively of the waste icon, without text.

Thanks to the **UNE-EN 13501-1 certified fire resistance**, it offers an additional level of safety for indoor use.

Choose the h953_09 bin for hygienic and functional waste separation! **Order now** to improve the efficiency of your environment with a versatile and resistant design.

Technical characteristics:

- **Dimensions:** 32.3 x 32.15 x h 60 cm
- **Capacity:** 60 lt

- **Material:** 1.5 mm iron sheet
- **Weight:** 14 kg
- **Opening:** pedal
- **Bag-holder ring:** included
- **Base:** with anti-scratch rubber feet
- **Bags not included in the supply**
