

Indoor recycling bin 60L h86_271

60L recycling bin in manganese grey steel with rape yellow RAL 1021 lid and calibrated openings. Dimensions: approx. W 30 x D 30 x H 89.7 cm.

The **h86_271 recycling bin** is designed to manage waste in a practical and elegant way in indoor environments. Made of **UV-resistant powder-coated steel**, it guarantees resistance, durability and protection against scratches and corrosion.

The steel **signage lid**, in **rape yellow RAL 1021** color, is equipped with **calibrated openings** to simplify the specific collection of waste. The rubber base protects floors, while the **included bracket kit** keeps the bags in place for tidy use (bags not included).

Thanks to its **compact and functional design**, this bin fits into offices, schools, canteens or public areas, offering a quick and easy emptying system by removing the lid. The supplied sticker allows for customizing the lid, indicating the type of waste.

Simplify waste management with the **h86_271 indoor recycling bin**, a reliable solution with a modern design to better organize indoor spaces.
