

## Indoor recycling bin 80 liters for waste sorting h953\_10

Indoor waste sorting bin 80 liters with pedal operation. Dimensions: 32.3 x 32.15 x h 80 cm. Equipped with bag-holder ring and lid.

The **recycling waste container h953\_10** with **80 liters** is an efficient and hygienic solution for waste management in indoor environments. Thanks to the **pedal operation**, it allows waste disposal without direct contact, ensuring hygiene and convenience. The **lid** keeps waste hidden and limits the escape of odors, making this bin ideal for offices, schools, and public environments.

The structure is made of **1.5 mm iron sheet**, guaranteeing robustness and durability over time. Inside, there is a **bag-holder ring** that keeps the bag firm and stable during use. Bags are not included in the supply. The **base with scratch-resistant rubber pads** protects surfaces from damage and offers greater stability to the bin.

Thanks to the **UNE-EN 13501-1 fire resistance** certification, this container offers additional safety for indoor use. The **materials are easily separable** for eventual recycling, respecting environmental sustainability principles.

The container is **available in various colors** to adapt to different aesthetic and functional contexts. Furthermore, a **pictogram** is included, to be specified during the ordering process by choosing from those available in the attached image. The pictogram consists exclusively of the waste icon, without text.

**Choose the h953\_10 container** for practical and hygienic waste sorting! **Buy now** to optimize your spaces with a **robust and functional design**.

#### Technical features:

- **Dimensions:** 32.3 x 32.15 x h 80 cm
- **Capacity:** 80 liters
- **Material:** 1.5 mm iron sheet
- **Weight:** 17 kg
- **Opening:** pedal-operated
- **Bag-holder ring:** included
- **Base:** with scratch-resistant rubber pads
- **Bags not included in the supply**
- **Fire resistance:** UNE-EN 13501-1
- **Available in various colors**
- **Pictogram:** 1 pictogram included - see attached image (specify the chosen pictogram during the ordering process)

#### User benefits:

- **Guaranteed hygiene:** pedal operation to avoid direct contact with the bin.
- **Odor control:** lid opening with pedal to limit the escape of odors.
- **Optimal stability:** base with pads that protect surfaces and prevent slipping.
- **Robustness and durability:** resistant and durable 1.5 mm iron sheet structure.
- **Ease of use:** bag-holder ring for simple and tidy waste management.

#### FAQ:

- 1. How does the bin pedal work?**  
By pressing the pedal, the lid opens without having to touch the bin with your hands.
- 2. What is the capacity of the container?**  
The container has a capacity of 80 liters, suitable for environments with moderate waste management.
- 3. Is the bin suitable for public environments?**  
Yes, the robust structure and hygienic operation make it perfect for indoor environments such as offices, schools, and public spaces.
- 4. Is the bin fire-resistant?**  
Yes, it is certified with UNE-EN 13501-1 fire resistance, offering greater safety.
- 5. Is the bin available in different colors?**  
Yes, the bin is available in various colors (see attached color chart).

#### Short buying guide:

When choosing an **indoor waste sorting bin**, consider factors such as **capacity, hygiene, and resistance**. The **h953\_10** 80-liter model is designed to offer hygienic waste management thanks to **pedal operation** and the **lid**.

The **1.5 mm iron sheet** structure ensures durability and stability over time. The presence of a **bag-holder ring** facilitates the insertion and removal of the bag, while the base with **scratch-resistant rubber pads** protects the support surfaces.

With **UNE-EN 13501-1 fire resistance certification** and availability in **various colors**, this bin is perfect for offices, schools, and public spaces. Don't forget to specify the desired **pictogram** at the time of ordering to make your waste sorting system even more effective.

*Waste sorting bin, pedal bin, 80-liter container, bin with lid, 1.5 mm iron sheet, bag-holder ring, hygienic bin, fire-resistant bin, indoor waste sorting, modern bin, recyclable container, office waste management, bin for public environments.*

*\*Images are purely indicative.*

*\*During the ordering phase, communicate the chosen pictogram. The pictogram consists exclusively of the waste icon, without text.*

*\*Upon request for a quote, it is possible to customize the container by choosing a different RAL color.*
