

Indoor waste collection containers h86_113

Steel recycling bins with supports for 3 bags of 45L each. Dimensions: W.545 x D.450 x H.890 mm. Available in different finishes.

The indoor recycling bin is an ideal product for offices, public activities and waiting rooms. The product features a **solid steel structure** equipped with **supports for 3 bags** with a capacity of **45 litres each**. The bags remain well fixed to the structure thanks to an **easy-to-assemble elastic belt**. It is possible to receive the product by choosing between **two different finishes for the structure**: white and manganese grey. **The 3 lids** instead feature a different color (Yellow 1021, Blue 5002, Grey 7033) in order to differentiate waste.
