

Industrial 350 lt container with skids h836_26

350-liter HDPE pallet box, 1200x800x600 mm. Solid walls, 2 skids at the base, and food-grade certified for industrial and logistical use.

The **industrial pallet box** represents the professional solution for handling and storage of large volumes of goods in production and logistics contexts. Made of **HDPE (high-density polyethylene)**, this container offers an extremely resistant monobloc structure against impacts and mechanical stress. The configuration with **solid walls** and the certified suitability for **food contact** make it a fundamental asset for companies operating in the agrifood sector, solving the needs for hygiene and durability over time.

Technical features

- External dimensions: 1200 x 800 x 600 mm
- Internal dimensions: 1120 x 720 x 450 mm
- Volumetric capacity: 350 lt
- Material: High-density polyethylene (HDPE)
- Wall configuration: Solid and reinforced
- Base: 2 longitudinal skids
- Certifications: Suitable for food contact
