

Industrial cargopallet with 2 skids h836_25

525 lt industrial HDPE cargopallet, 1200x800x800 mm. Structure with 2 skids and closed walls, suitable for heavy loads and food use.

The **industrial cargopallet** is designed to meet the needs of intensive storage and handling within warehouses and production sites. Made of **HDPE (high-density polyethylene)**, this container stands out for its structural strength and ability to handle heavy loads in total safety. The **closed walls** configuration ensures maximum protection of the contents, while the presence of **2 skids** at the base optimizes stability during lifting operations.

Technical features

- **External dimensions:** 1200 x 800 x 800 mm
- **Internal dimensions:** 1120 x 720 x 650 mm
- **Volumetric capacity:** 525 lt
- **Configuration:** Closed walls
- **Support system:** 2 skids
- **Material:** HDPE (High-density polyethylene)
- **Certifications:** Suitable for direct contact with food
