

Industrial pallet box on wheels h836_28

525-liter black HDPE cargo pallet with solid walls and Ø 125 mm wheels. Dimensions 1160x800x950 mm, ideal for safe industrial handling.

The **solid wall cargo pallet** is a professional containment system designed to optimize handling and storage operations in industrial environments. Made of **HDPE (high-density polyethylene)**, this container offers a robust and durable structure, capable of withstanding mechanical and chemical stresses. The integration of **Ø 125 mm wheels** mounted on galvanized iron swivel plates ensures smooth mobility even when fully loaded, facilitating internal logistics flows without the constant need for lifting equipment.

Technical features

- **Material:** HDPE (High-density polyethylene)
- **Color:** Black
- **Capacity:** 525 liters
- **Configuration:** Solid walls
- **Wheels:** Ø 125 mm on galvanized iron swivel plate
- **External dimensions:** 1160 x 800 x 950 mm
- **Internal dimensions:** 1100 x 730 x 650 mm
