

Industrial perforated cargopallet 500 Lt h836_16

Rectangular perforated grey HDPE pallet box, 500 Lt, 1200x1000x580 mm. Designed for heavy industrial loads with drainage preparation.

This **rectangular pallet box** is specifically designed for the handling and storage of heavy goods within industrial warehouses and production departments. Made of grey **HDPE (high-density polyethylene)**, the structure stands out for its **fully perforated** configuration, which ensures constant ventilation of the contents. The technical design includes the **preparation for the application of a drainage tap**, making the container versatile for various operational needs.

Technical characteristics

- External dimensions: 1200 x 1000 x 580 mm
- Internal dimensions: 1110 x 910 x 400 mm
- Capacity: 500 Lt
- Material: HDPE (high-density polyethylene)
- Version: Perforated walls and bottom
- Color: Grey
- Preparation: Housing for drainage tap (tap not included)

Optional:

- HDPE resting lid in grey color
