

Infant and nursery chairs h908_173

Small chair with armrests in solid beech wood, size 1. Dimensions: W 30 x D 25.5 x H 26 cm.

The **infant and nursery chair h908_173** is designed to ensure **safety, comfort, and ergonomics** in early childhood educational contexts, such as preschools and nurseries. The presence of **integrated armrests** provides additional support for the child's posture, making it easier to sit down and stand up independently, especially for the youngest children.

The **structure is made of solid beech wood**, a natural and robust material that guarantees long durability even in high-use environments. The **seat and backrest are anatomical**, made of **beech plywood** and shaped to provide adequate lumbar support, in full compliance with children's ergonomic needs.

The **seat height is 26 cm**, corresponding to **size 1**, intended for the **3 - 4 years** age group and compliant with the **EN 1729** standard, which regulates school furniture for children. The chair is ready for use and easily combined with tables of the same size.

Choose the **h908_173 chair** with armrests to offer your young students a safe and ergonomic seating experience. Contact us for a personalized quote!
