

Instrument table for operating room h576_03

Mayo Table instrument tray with **single-movement pump** and **fixed top** for operating room.

Mayo Table used for operating rooms, with **single-movement pump** and **fixed instrument tray**. The instrument trolley has a **base made of 18/10 AISI 304 stainless steel** and a **chrome-plated steel pump**. It is equipped with a solid 4-spoke base in rectangular section tubing, **removable work surface, without open corners**, lifting system via **hydraulic pump** with single movement. The Mayo Table offers all the quality and safety standards required by such an environment: high degree of corrosion resistance, high degree of bacterial removal, excellent durability over time. The materials and assembly system allow disinfection inside washing tunnels.

Technical Features:

- Base material: Stainless Steel
- Chrome-plated steel pump
- N° 4 circular section spokes with safety tips
- N° 4 twin castors Ø 75 mm, with thread guard, in non-marking polymer, 2 of which with brake and 2 antistatic.
- Deep-drawn fixed work surface without open corners, with rounded perimeter.
- Lifting system with hydraulic pump, single movement, sealed circuit, with pedal activation.
- Lifting range from 935 mm to 1,300 mm.
- Ergonomically positioned pedal located inside the structure.
- Maximum load capacity 30 Kg, evenly distributed on the work surface.
- Useful support surface dimensions: W.750 x D. 550 x h.30 mm
- Overall dimensions: W.780 x D. 580 x h.935/1300 mm
