

Instrument table h576_06

Instrument table for operating rooms in 18/10 AISI 304 stainless steel.

Instrument table for operating rooms that offers all the quality and safety standards that this environment requires. Made of **18/10 AISI 304 stainless steel**, a material that guarantees a high degree of corrosion resistance, a high degree of **bacterial removal**, a low degree of bacterial retention, and excellent durability over time. **The instrument table** consists of solid bases composed of **2 anti-vibration columns**, with safety tips, equipped with 4 **twin wheels Ø 75 mm**, with thread guards, in non-marking polymer, of which **2 are antistatic and 2 are equipped with brakes**. 1.2 mm worktop, press-bent, TIG welded and free of sharp edges and junction points, every corner is rounded. The materials and the assembly system allow for disinfection inside washing tunnels.

Technical features:

- Material: 18/10 AISI 304 Stainless Steel
- 2 anti-vibration columns
- 4 twin wheels Ø 75 mm of which 2 are antistatic and 2 with brakes
- Support surface dimensions W.1200xD.550xH.40 mm
- Overall dimensions: W.1200xD.650xH.850 mm
