

Instrument table with instrument shelf h576_07

Instrument table in 18/10 AISI 304 stainless steel with rear shelf. Static load capacity: 120 kg.

Instrument table for operating rooms with shelf for hooks and instruments, intended for use in the operating room, offering all the quality and safety standards required by this environment. Made of **18/10 AISI 304 stainless steel**, a material that guarantees a high degree of corrosion resistance, high degree of bacterial removal, low degree of bacterial retention, and excellent durability over time. **The instrument table** consists of solid bases made of **2 anti-vibration columns**, with safety tips, equipped with **4 twin wheels Ø 75 mm**, with thread guards, in non-marking polymer, **2 of which are antistatic and 2 equipped with brakes**. 1 mm worktop, press-bent, TIG welded and free of sharp edges and joints, every corner is rounded. Rear instrument shelf with round section and support for hook holders. The materials and the assembly system allow disinfection inside washing tunnels.

Technical features:

- Material: 18/10 AISI 304 Stainless Steel
- 2 anti-vibration columns
- 4 twin wheels Ø 75 mm, 2 of which are antistatic and 2 with brakes
- Support surface dimensions W.1200xD.650xH.40 mm
- Overall dimensions: W.1200xD.650xH.1240 mm
