

Metal bench for urban furniture h140183

Bench for public spaces with backrest. Italian production. Length 150 cm. Available in different colors.

Bench **for urban furniture with a simple design** ideal for squares, historic centers, apartment buildings and courtyards.

Structural details:

- n° **02** supports consisting of opposing arches in 50x20x3 mm galvanized rectangular tube
- seat - backrest shell made with n° **25** galvanized steel round tube profiles

Supports:

Pre-treatment:

- Before being painted, the product is pre-treated by spray washing with special degreasing liquids.

Anti-corrosion treatment:

- The product is subjected to a first painting cycle using a thermosetting powder anti-corrosion primer based on epoxy resins with special pigments to protect it from atmospheric agents.

First baking (anti-corrosion):

- It is then subjected to a first oven baking lasting **15** min at a temperature of **180°**. In this phase the anti-corrosion agent polymerizes, forming a coating thickness of approximately **60** microns.

Painting:

- The product is subjected to a final painting cycle with thermosetting powder based on polyester resins. The painting is performed with electrostatic spray equipment that allows the powder to settle uniformly on the pieces, forming a minimum thickness of **60** microns.

Final baking:

- The painted product is subjected to a final oven baking lasting **20** min at a temperature of **160°**.

Fixing:

- The bench is supplied with an assembly kit, stainless steel screws and assembly instructions.

Dimensions:

- Total height: 80 cm
- Seat height: 45 cm
- Total length: 150 cm
- Total depth: 80 cm
- Weight: approx. 42 kg

INFORMATION

- Depth in millimetres 750.000000
- Width in millimetres 1500.000000
- Height in millimetres 800.000000
- Material metallo
