

Iron bench with backrest h14001

Urban furniture bench with backrest and seat in iron. Dimensions: L.150 x D.70 x h.83 cm. Made in Italy.

Outdoor bench for public spaces ideal for courtyards, municipal gardens and villas. With simple lines but purely artisanal creation, the bench can be placed in an urban environment such as a historic center, but at the same time it fits perfectly into parks or more general furnishing contexts. The structure consists of two arc-shaped flat iron supports complete with a seat-back shell made of no. 32 round tube profiles welded onto specific anatomically shaped templates. The entire structure is **galvanized and oven-painted** with specific epoxy powders to resist atmospheric agents and to last over time.

Structure:

- no. 02 supports consisting of two galvanized flat iron arches measuring 50 x 8 mm
- seat-back shell made of no. 32 galvanized steel round tube profiles measuring 20 x 1.5 mm complete with spherical-head PVC end caps. The profiles are welded onto specific galvanized steel templates, which provide the anatomical shape

Finish:

- the product undergoes a final painting cycle with thermosetting powder based on polyester resins in "moss green - embossed" RAL 6005

Fixing:

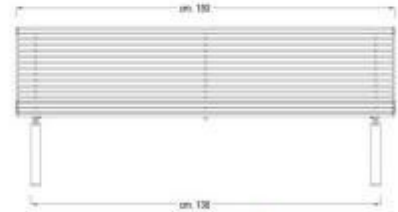

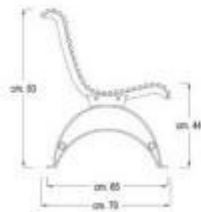

- the supports are equipped with perforated plates for anchoring to the ground using coach screws and expansion plugs
- the bench is supplied in an assembly kit, stainless steel screws and assembly instructions

Technical features:

- Total height: 83 cm
- Seat height: 44 cm
- Depth: 70 cm
- Length: 150 cm
- Weight: 56 Kg
